

• Subject

Notification of Nasb Niroo Co. Pre-Qualification Result

• Description

Dear Sirs

First of all, We, Daewoo E&C, appreciate your pre-qualification application.

Base of your submission, your firm was evaluated as “Qualified” so we have put your company to our overseas contractor managing system. Your company will be placed on a potential bidder list.

Please be informed that qualified firms will be pre-qualified independently for each project based on project-specific needs and will only be contacted by a Daewoo E&C project to review your qualifications when you are being considered for work on a project. And qualified firms are only used by Daewoo projects worldwide as an initial source for developing a list of potential bidders.

It should be highlighted that registration as qualified firm to our system does not guarantee participation in Daewoo E&C’s bid solicitations.

Best regards,

Yong-Geol Kim
